

**Appeal to all Residents**

**It is a common appeal to all residents to follow basic civic norms so as to maintain good surrounding around us.**

- 1. No littering at common place by throwing garbage, used tobacco sashes, plastic wrappers, spitting at lift /walls, throwing dirty waters from the balcony etc.**
- 2. Cutting of plants/bushes should be removed from the lawns.**
- 3. Residents must insist that domestic attendants use chutes /garbage bins for disposal of garbage and keep the common space (corridors, space below staircases, space in front of lift) unoccupied for cleaning by sanitary staff of CPWD.**
- 4. Domestic attendants must be educated about the basic civic norms regarding disposal of waste at their place into proper dustbins instead of throwing them on roads and common places.**
- 5. Residents may choose two volunteers per Block to oversee general cleanliness at their block and report to the Association about un-attended chronic problems to be taken up with CPWD. Name of the volunteers may be given to the Association.**

**Association is committed to make all efforts to provide a clean and green surroundings around you. But without your collective efforts, our efforts will go in vain in this direction.**
